About This Game

Tanki Online is the free-to-play MMO-shooter with real-time PvP-battles. Customize your futuristic tank by combining guns, hulls and protective modules, and face real players in four furious battle modes: Deathmatch, Team deathmatch, Capture the flag and Control points. Instant respawns, million of players around the globe, loads of arenas, non-stop action and adrenaline await you in Tanki Online.

Key Features

- Only real players – come together with people from all around the world, invite your friends and make new ones
- Massive customization options – combine guns and hulls to fit your playing style and become the perfect war machine
- Turn up the heat with temporary power ups – pick them up on random locations within the arena
- With instant respawns, you are constantly in battle – no frustrating down time! Jump right back into the arena and bring your enemies some payback
- Four game modes – choose your own challenge. Be a lone wolf in Deathmatch or test your team-playing skill in Team Deathmatch, Capture the flag or Control points
- Easy to learn, hard to master

This is not Tanki X. And isn't nearly as enjoyable.. This is a very balance game in which no two players are alike with many varieties to choose from u can battle your heart out with every tank in the world! I am from Russia, and have tried this game in closed beta ! a lot has come up with updates, upgrades, balance changes, nerfs to some guns, and hulls. What ever you choose in -game or non memberd game in any server tanki online is the place for you to enjoy, mainly pay- to win, this is still a very great game to play and make new friends along the way. and I trully hope you have the same satisfaction i have
